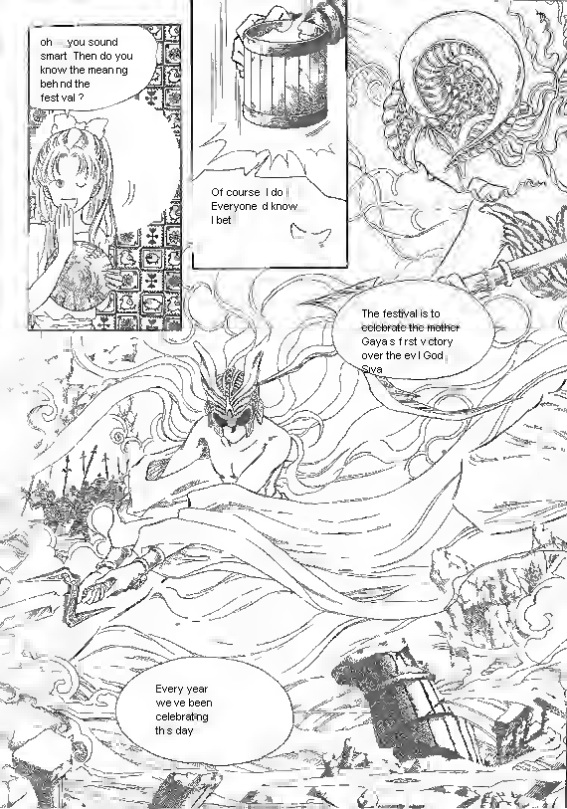
BITES

Welcome !
Cold beer
The whole city seems to excited What s up ?
Oh you must be a fore gner Gaya fest val s com ng soon
Of course I do But it s a month later



oh you sound smart Then do you know the meaning behind the festival ?
Of course I do Everyone should know I bet
The festival is to celebrate the mother Gaya s first victory over the evil God Giva
Every year we ve been celebrating this day

Do you also know that it took mother Gaya 33 days to have her victory?
Countries ruled by direct descendents of mother Gaya have 33 days to celebrate.
Eh..., I think I heard something like that...
More than a month of celebrat on
What d d you say ?
I guess keep ng up wth publ c security won't be an easy task dur ng the fest val

Um... I heard this from other customers...
Yuta !
You are slacking again with customers !
If you keep doing this, I will sell you to a slaver !

It's not like he has done anyting seriously wrong
That is MY slave !

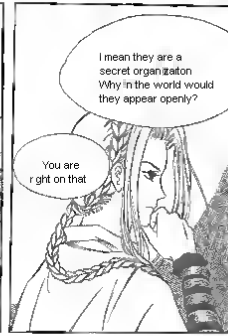
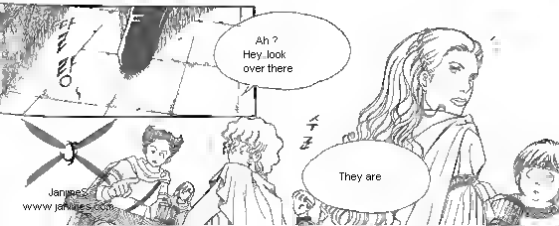
Who knows
Maybe they are those black market dealers

I see slavers pretty much everywhere But they seem to be a little d ffeent They seem to only buy class 4 slaves and up
Laharshita maybe ?
No way

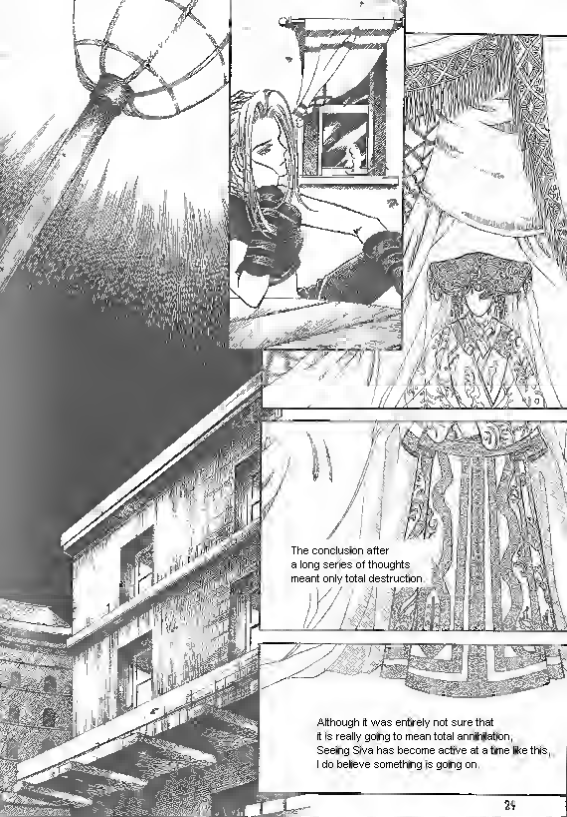


I mean they are a secret organizaton Why in the world would they appear openly?
You are r ght on that



Ah ? Hey look over there
They are
Jamires
www.jamires.com

Do you have a spare room?
...Time for me to go to my room.



The conclusion after
a long series of thoughts
meant only total destruction.
Although it was entirely not sure that
it is really going to mean total annihilation,
Seeing Siva has become active at a time like this,
I do believe something is going on.

We do not yet know what kind of holy creature s involved n th s event But s nce t s the ev l God s counterpart t must hold great powers and there w ll be people who w sh to abuse its powers

I trust your ab lity and judgement Locate the creature and tame t

If t s not poss ble to make t ours k ll t

Bah,
I ve got to f nd someth ng that I don't even know what t s

But
s nce t came from the great

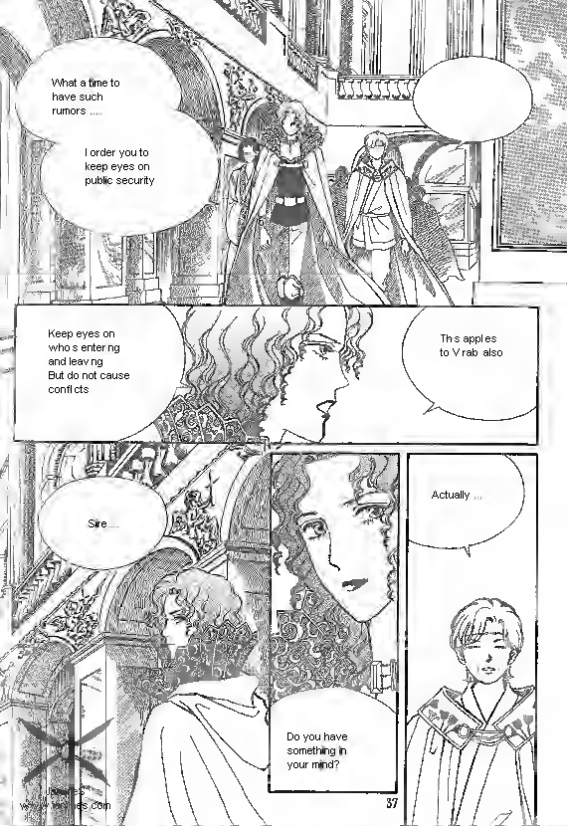
I must be someth ng ser ous
I suppose I w ll have to do what I must

They are be ng dragged
Ike hyenas
The black dealers
and now ch ldren of
the s lent forest
The ev l God S va ´s
counterpart
Indeed

But isn't it weird ... Right now is supposed to be the most holy days ...
Is it certain that the creature has appeared in this area?
We've received several reports from temples
But those priests speak however they wish.
It is always not certain enough for their readings to be accurate.
There wasn't just one report. Several reports came from various temples
Their reports were all identical
Besides the silent forest has made a move

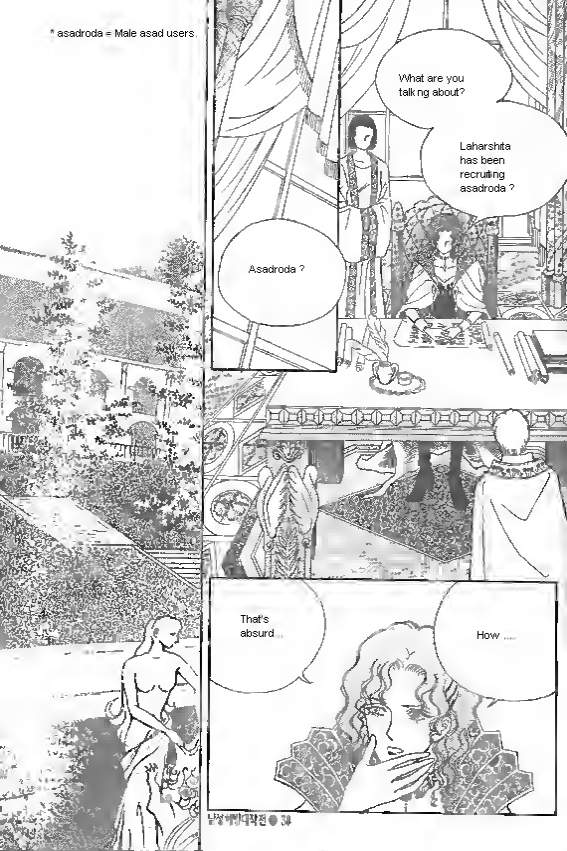
The s lent forest?
Those old geezers
have made a move?
It s
someth ng
then
Yes s re
They ve been nact ve
for decades
Ther r react on could
well mean the rumors
about S va ltself are
true

Yes, sire.
The famous holy knights of Para empire was created in order to hunt down Siva and its seeds
If so I will leave this matter to you
Make sure you keep your eyes on Vrabi also
Do not worry, sire. I will make sure that it is done properly.



What a time to have such rumors ....
I order you to keep eyes on public security
Keep eyes on who s enter ng and leav ng But do not cause conflicts
Th s appl es to V rab also
Sire ...
Actually ...
Do you have something in your mind?

* asadroda = Male asad users



Asadroda s supposed to be mutants And they s mply cannot be reproduced by art f c al means
That s what they seem to want to th nk
Anyway the problem s what we th nk s absurd and mposs ble s happen ng actually
Even the great scent sts of the un on fa led to create them
Lately young males we be eved to be asad users have been d sappear ng
Such cases have occurred few tmes n the last month also
If they were ndeed asadroda th s can only mean someth ng bad

Why do you claim that it is Laharshita's doing?
The events had few common background.
It could be just a series of coincidental events
Ther mothers were rather powerful asad users
And ther fathers were asadroda but their identites were faked so that people wouldn't know
And lastly
All the male children who became lost were between age of 5 to 6

It was ndeed a ser ous matter
It was known that the per od when one becomes aware of asad was between age 5 or 6
They called t 'the second b rth
Even so what s the b g dela ?
I don't th nk It s that easy
It's not like they can grow in enough numbers to take on the union, let alone an empire.

They are just trying to show off.
They know that no matter how advanced weapony they have, few high class asad users can destroy them.
They know they are desperate for asad users.
I don't th nk it s that s mple
There are known ways to produce asad users
But such mutants are not powerful enough for actual battles
Even if they recruit it w ll take too long to gather enough numbers
I am sure they know that
Hmmph men aren't capable of complex thoughts
The current cha n of commands for Laharshita cons sted of capable men they say
And, the reason I am concerned is not because they managed to recruite few asadrodas.
It is because they managed to succeed.

Who cares
They are not the ones we are currently after Or am I wrong?
I say th s is the b ggest event we ve had n a wh le
아~
Indeed, sire.
Laharshita is none of our concern right now.
Besides...
Th s could lead to our v ctory

Victory ?
The king's son will soon be turning six years old
What if he has the powers even by a little ?
If he is indeed found to be an asadroda something will be done and people will point at the emperer
It will be the perfect opportunity
But we don't even know if he is really one
Well you know as well as I do

that by us ng V bra s ritual it s poss ble to grant asad powers temporar ly for few days
The un versal law stood above a country s law And it stated that if a male member of a fam ly s found to be an asadroda the male member w ll be executed at once as well as other male members n the fam ly Furthmore female members of the fam ly w ll be str pped of ranks
But eventually people have begun to abuse th s law and used aga nst each other As resut many nnocent people were per shed
Nobles have used th s method before Why not us
Even with just a rumor judges were sent to fam l es and they were tortured In most cases they s mply acknowledged falsely that rumors were true after long and pa nful tortures
L ke that be ng po nted at for such a reason meant dem se of a fam ly
The emperor will not be easy to take down.

Bes des that adv sor of hers s too smart She w ll not let the emperor go down
That s why we haven't been able to do anyth ng so far
T me s essent al
Even f her son s found to be a true asadroda
The adv sor m ght even assass nate h m just to make the emperor stand st ll
Now that the pr nce has turned s x years old and Laharshita's rumor floats around Now s the perfect t me

The emperor will not be able to get away.
Really, sire ?
Yes
Really
Wow— congratulat ons

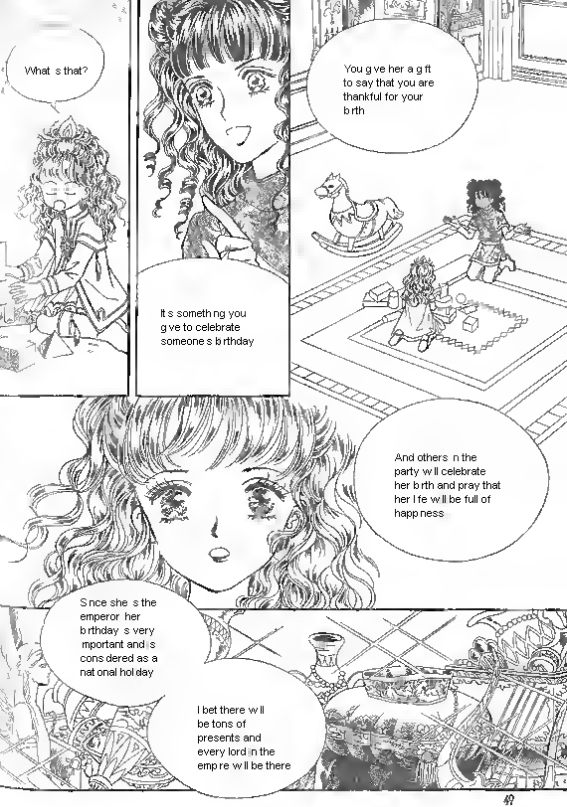
Cheer up,
You will be attending to a lot of public events from now on.
Lately, I feel like I am dreaming, Hirina.
She has been so nice to me lately.
If I be good more.. maybe she w ll love me l ke Para and Mayura
You should prepare a gift.
Gift ?



What s that?
It s someth ng you g ve to celebrate someone s b rthday
You g ve her a g ft to say that you are thankful for your b rth
And others n the party w ll celebrate her b rth and pray that her l fe w ll be full of happ ness
Snce she s the emperor her b rthday s very mportant and s cons dered as a nat onal hol day
I bet there w ll be tons of presents and every lord in the empre w ll be there

You are the emperors the only child You should present something to her
Yeah that sounds about right
I will present a gift !
But what should I give to her ?
You should consider wisely
Anyway you should get something that s way better than presents that lady Para and Mayura give
Don't lose okay ?

I tried to come up with an idea for the emperor's gift. But all I could think of was my favorite food
Which food, sire?
Those that turn into dung once you eat.
Sire, please do not use such a word.

Please have these while thinking. I mean there are more than 10 days. You have more than enough time.
I gotta teach him proper words...
It tastes good!!
These will come dung!
Please just call it food
My lovely lovely prince... as long as you are happy your servant Hrina is also happy
So I pray for your happiness always

It is not something

Vrab those who are always called for noble's dirty works
Is mother really plann ng to be the emperor ?
Is be ng the emperor that good ?
Of course ! !
You will have the entire world under your feet !
And everything shall be yours !

If it s just
like you said...
If the emperor
can have everything
sje wants,
Then I want
the throne
I want
the throne !

I found him
Sire, may I ask what that is ?
I was wait ng for you and then he s mply flew to me
Isn't he cute?
Not at all s r He looks useless and ugly
No He s not ugly He s a pretty b rd
And I've dec ded to present h m as a g ft

You are telling me that the emperor will take care of him?
Yep!! He is so cute So everyone will love to look after him
Sure I do not think it is really a good idea to present him
Why not?
Do you really expect an emperor to clean up feces and take time to feed him everyday? He might even get in her way while she's doing documents
Grrrr what should I do?
I don't think she will be very pleased
I I see

Did I hurt him ?
Ah, um, what I meant was
That he is too small. So, we will look after him for ... let's say about one year.
And then he will be big enough to be presented to the emperor as a good dish. I am sure she will be happy then.
BBQ...
BBQ this little cute bird ?!
Don't cry !

Don't be a cry baby
I made a promise to brother and I cried again
It's all about the eco system
The eco system is basically a big circle
big
medium
small animals
Greens
Soil
Maybe eating him is also a part of the circle
But
But
Still I pity him bro~
It's all my fault So please don't cry

Do you really like this bird?
Yep
I don't understand There are a lot of much prettier birds to be used as pets
How come he chose an ugly and dull looking bird?
This bird shines like fire and sometimes rainbow
When I am looking at him my heart beats faster
Fire ?
Rainbow?
Oh my God sire
You have a problem with colors
That's why
I like those who fly like birds and butterflies
Have I failed educating him properly?

_Ah?
Isn't that

Wow ...
so th s s
a s lk butterfly?
You only see them n
southern reg on
How strange that we
are see ng one here
Indeed
Promise
with me.

You must not call the butterflies when others are around Do you understand?
I wonder why he said that I mean, everyone seems to be happy to see them around
Even Maha Para looked happy when she saw them

Bro said that, in order for someone to be happy, someone else's happ ness m ght be sacr f ced

I guess f you have someone you l ke you w ll have someone you d sl ke as well

Creepy forest
We chose th s path s nce t w ll save us time But th s forest looks l ke a perfect place for bandits to ambush

Anyway I doubt anyth ng s go ng to happen

By the way Jon

Does that woman looks a little too young to be a mercenary ?

You are right She doesn't look like one either

Hmm she has beauty and probably bravery as well
Yeah
Halt !

Protect the carriage and horses !
It's an ambush ! Watch out !

Where are they ?!
Where are the arrows coming from ?!
I think they've set up some kind of mechanism on trees ! Search and destroy !
Jannes

All done, boss.

I am sorry, boss.
Fool!
See if anyone is hurt!
Argh ...
I am gonna die ...
...Looks like no one's hurt.

This cannot be a good sign. I mean, as soon as we entered , we were ambushed.
Shut up !
No way would we be defeated by mere bandits. Proceed as planned.
Look like we have another problem

My horses!
My carr age!
What have you done?
I hred you !n case of somethng #e th s would happen!!!
Get the content of carriage out. We are going to abandon the carriage.
Yes, boss.

No !
I am not going to abandon it ! It's mine !
Are you going to carry it then ?
You were the ones who failed me !
If you are asking me for an advice, I'd abandon the cause.

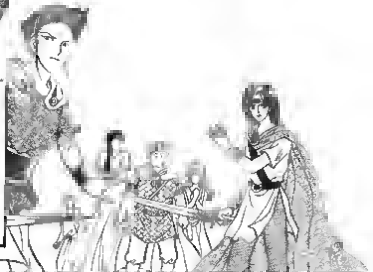
You must make a choice.
I... I hired you ! You follow my orders ! How are we going to get out of here alive if we do not get along each other ?!
We were hired to protect you and the content of the carr age
We are not here to protect the wooden carr age
But the goods you brought

... Open the carriage ... Let them out ...

We w ll form
a format on around
the slaves
Each of you p ck up
the stuff

What s going on there ?
A runaway ?
It s nothing

Wait !



Everyone, step back

Very funny.
Looks like they made a lot of toys for us
I heard slave dealers are being attacked often I wonder if it's them

I don't need to tell you how dangerous th s forest s
Watch your every step
Yes boss
H, hey !

What is it?
I think one of the slaves ran away
one of the slaves?
Did you lose one?
Ah y yes I think Yes I lost one
Get him
Lucky
Let's continue
I understand

It's a trap !
Huh?
Was he really your slave?

Was he really your slave ?!
Y- yes

I am telling you truth ! I really did lose a slave !
Uh..., well ....

Rest of you move forward
Watch out for traps and make sure no one gets lost !

We came to a strange area
We had to go off track n order to avo d traps
All we need to do s head south
...Could it be that we were lured to this area?
I don't think the attackers would already give up.
Besides, this strange mist ...

I am getting a really weird feeling. It's as if ....

Is there a need to continue this further. I am sure you've noticed that something's wrong now.

There seems to be something with this mist
Poison ?
No milady but for those who use Asad powers this place is worse than poison
The cursed area ?
The cursed area
it is a place where Asad/magic are completely useless
No one knows for sure how many / where the places are
Gods have been harsh on males
Even so, they've given us such places
In some cases we low beings were able to take down mighty Asad warriors here

You may find it hard to believe But your life is within my hands now
He is not lying Because I forced to use asad powers, my whole system has broken down I can barely stand
You don't look and sound like a mere thief
Even high priests have a very hard time tracking down the cursed areas And you are using it very well to your advantage
You do not look and sound like a mere mercenary either my lady
Laharshita ?
Your powers were well above their leaders and you have will power to stay calm in a situation like this

Damn the Para empre

How about the other slaves?
Five of them are willing to join us. So, we sent them to our temporary base. And the rest wanted to be set free. So, we sent them away.

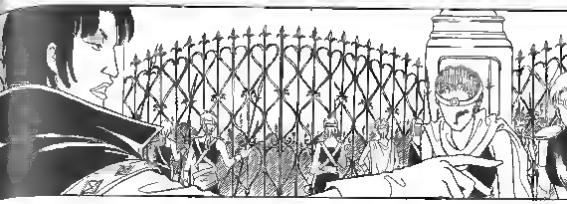
Execute the prince !
We demand the emperor to resign !
And execute the father !



It s only a matter of t me now
